BIN STOCK SUPERVISOR

Date first published: 22 October 2018

Reporting to the Bin Logistics Manager, the Bin Stock Supervisor will be based at Valley packing operation as part of our Packing Division in the Grabouw/Vyeboom area. The ideal candidate need to be a confident team leader who is focused on delivering high quality and detail orientated work in a fast-paced environment.

Responsibilities:

- Monitor the accurate capturing of bins delivered on stock system and allocate according to instructions.
- Supply fruit to pre-sorter or packing lines according to provided plan.
- Correctly consign fruit according to load instructions.
- Supervise a team of 10-15 people.

Requirements:

- Grade 12 qualification
- 2-3 years' experience in a warehouse environment
- Good communications skills
- Computer literate (Microsoft Excel)
- Willing to work overtime and/or nightshift hours
